### **Notes for Auditors of Recipient Organizations**

*These notes aim to provide guidance for Auditor(s)<sup>1</sup> of Recipient Organizations in conducting reasonable assurance engagements and in preparing audited account report for each CSI project.*

- (1) Pursuant to the agreement made between the HKSAR Government (the "Government") and the Recipient Organization (ROs) in respect of each CreateSmart Initiative (CSI) project and the CreateSmart Initiative Guide (CSI Guide), ROs are required to submit an audited account report containing the audited accounts<sup>2</sup> of each CSI project upon project completion to the Permanent Secretary for Commerce and Economic Development (Communications and Creative Industries) (PSCCI) according to a stipulated timeframe. The requirement to submit audited account report is to assure the Government that:
  - (a) the project funds were fully and properly applied to the project for which they were paid, and received and expended in accordance with the approved project budget; and
  - (b) ROs complied with the funding terms and conditions in the administration, management and usage of the CSI project.
  
- (2) In conducting a reasonable assurance engagement, Auditors should perform the following procedures:
  - (a) performing tests of transactions and of the existence, ownership and valuation of assets and liabilities;
  - (b) obtaining an understanding of the accounting systems and control in order to assess its adequacy as a basis for the preparation of the project

- accounts and to establish whether a proper and separate set of project books and records have been kept and maintained by the RO;
- (c) assessing significant estimates and judgments made by the RO in the preparation of the project accounts, and whether the accounting policies have followed the requirements of CSI, consistently applied and adequately disclosed; and
  - (d) evaluating the overall adequacy of the presentation of information in the audited accounts.
- (3) In conducting a reasonable assurance engagement, Auditors should perform the above procedures as they consider necessary in the circumstances and obtain all the information and explanations which they consider necessary in order to provide them with sufficient evidence to give their conclusion as to whether the RO has complied with, in all material respects, the requirements set by the PSCCI (including the requirements to keep a designated bank account solely and exclusively for the purpose of the project, keep proper books and records and to prepare audited accounts of the project), and all the terms and conditions of CSI funding, as specified in the following documents:
- (a) the agreement made between the Government and the RO in respect of the project and the appendices thereto (which includes the project proposal);
  - (b) relevant chapters of the CSI Guide; and
  - (c) all instructions and correspondences issued by the PSCCI to the RO in respect of the project.
- (4) A Quick Reference Guide has been issued to the RO highlighting actions and attention required on the part of the RO under the project agreement. Auditors should make reference to the Quick Reference Guide to facilitate checking of the RO's compliance with the terms and conditions of the project agreement. A copy of the Quick Reference Guide is attached for reference purpose.

- (5) Auditors should comply with the Hong Kong Standards on Assurance Engagements 3000 "Assurance Engagements Other Than Audits and Reviews of Historical Financial Information" issued and updated from time to time by the Hong Kong Institute of Certified Public Accountants<sup>3</sup>. The following information is required in an auditors' report prepared by the Auditor(s) to be submitted to PSCCI:
- (a) Auditors should state whether, in their conclusion, the RO has complied with, in all material respects, the requirements set by the PSCCI (including the requirements to keep a designated bank account solely and exclusively for the purpose of the project, keep proper books and records and to prepare audited accounts of the project), and all the terms and conditions of CSI funding, as specified in documents mentioned in paragraph 4 above<sup>4</sup>;
  - (b) if Auditors are of the opinion that there exists any material non-compliance as identified in paragraph 6(a) above, they should make full disclosure and quantify the effects of such non-compliance in the audited account report; and
  - (c) if Auditors are of the opinion that a designated bank account solely and exclusively for the project has not been kept, or a proper and separate set of books and records have not been maintained, or the project accounts have not been properly prepared by the RO for the project, or if Auditors fail to obtain all the information and explanations which are necessary for the purpose of their reasonable assurance engagement, they should make appropriate qualifications in their audited account reports.

<sup>3</sup> The Hong Kong Institute of Certified Public Accountants would expect its members to apply those relevant and applicable Standards set Out in Hong Kong Standards on Auditing when performing "Reasonable Assurance Engagements".

<sup>4</sup> In expressing the conclusion on the final accounts, among other things, auditors are required to report the RO's compliance with all the provisions or chapters VII, IX, X, XI and XII of the CSI Guide applicable for CSI projects but are allowed to report the RO's compliance with paragraph 9.1.8 (keep books and records for at least seven years after completion of the project or termination of the project agreement), paragraph 9.2.3 (keep all quotations and tendering documents for at least seven years after completion of the project or termination of the project agreement) of the CSI Guide up to and including the project completion/termination date.

- (6) In the audited account report, the Auditor is required to provide a separate list of all the payable items including loans from creditors as set out under “Liabilities” in the balance sheet of the audited account report. RO should submit to the CSI Secretariat three months after receiving the final funding instalment for the project a declaration on the actual amount paid and date paid for each of the payable items as set out in the above list. The CSI Secretariat will issue a Demand Note to RO for return of all residual CSI Funds if any to the Government. If there are still outstanding payable items in the declaration submitted three months after receiving the final funding instalment, another declaration is required within three months after the first declaration.
- (7) Auditors should plan and conduct the reasonable assurance engagement to satisfy paragraphs 4 to 6 above. In case of any ambiguity regarding the terms and conditions contained in the project agreement and the rules and regulations governing the CSI projects, Auditors should seek clarification from the CSI Secretariat. Any unreasonable reservation or denial of conclusion, for example, comments about ambiguity of the CSI guidelines or requirements, expressed by Auditors in the auditors' report, will be returned to ROs for rectification before re-submission.
- (8) Auditors may come across during the course of their reasonable assurance engagements any weaknesses/breakdown in internal control which are considered material. They should bring to the RO's attention the details of such weaknesses/breakdown and provide the RO with their recommendations for improvement by setting them out in writing a letter to the RO. A copy of such letter should be sent to PSCCI for reference and action as appropriate.
- (9) Auditors are expected to follow the specimen auditors' report as attached at the Annex.
